CHARTER OF THE CITY OF WATERBURY
CHAPTER 1. CITY LIMITS AND POWERS

PART A. TERRITORY AND CORPORATE POWERS

Sec. 1A-1. Territory.

The territorial limits of the body politic and corporate existing under the name of the City shall include all the land and territory situated within the limits of the Town of Waterbury.

All the electors of this State of Connecticut (“State”, State of Connecticut” or “State”), dwelling within said limits, shall continue to be a body politic and corporate by the name of “The City of Waterbury” (hereinafter referred to as “City”), and by that name they and their successors shall have perpetual succession and shall be capable of suing and being sued, pleading and being impleaded, in all suits and actions, in law or in equity; shall have power to purchase, hold and convey any estate, real or personal; may have a common seal and may change and alter the same at pleasure and shall be and remain absolutely vested with the title to the improvements of all the lands, tenements, hereditaments, rights and estates which, since the original incorporation of the City, have become vested in the City, and whereof the City has never been lawfully divested.

Sec. 1A-3. Enumerated Powers Not Exclusive.

The enumeration of particular powers by this Charter shall not be held to be exclusive, but it is intended that the City shall have, in addition to the powers so enumerated, all municipal powers within and without the City limits which may be reasonably necessary or convenient for the government and regulation of its inhabitants and its local affairs and for the performance of public services, not inconsistent with law or this Charter.

Sec. 1A-4. City Succeeds All Other Municipal Governments.

All rights and powers conferred and duties and obligations imposed by law, upon towns and cities, or any officers of them, shall be held to be conferred or imposed upon the City, except as herein otherwise provided, to be exercised or discharged by such officer or officers of the City as may be specified by this Charter or in accordance with its provisions. There shall be no other municipal government within the City limits, but the City shall be the successor in every respect to the corporation of the same name existing under previous Charters and amendments thereto and to the Town of Waterbury.
PART B. TAXATION DISTRICTS

Sec. 1B-1. How Constituted.

There shall be one taxation district in the City, which shall comprise all the territory within the limits of the City. All the inhabitants and property within the limits of such City shall be liable for taxation to defray the burden and expenses imposed by the City upon its inhabitants and property.

Sec. 1B-2. When Taxes Become Due And Payable; Discount of Taxes.

All property taxes becoming due and payable in the City, exclusive of special taxes, assessments, and water charges and sewer charges, shall be subject to a discount of one (1%) percent of the total amount, if claimed by the taxpayer at the time of making payment and if the entire tax is paid in one payment within the first installment collection period. Due dates of all property taxes levied in the City shall be determined in the manner described in the General Statutes of the State of Connecticut ("General Statutes" or "C.G.S.").

Sec. 1B-3. Postponement of Taxes.

In addition to the powers conferred upon the Mayor and Board of Aldermen of the City to abate the taxes assessed upon such persons as are poor and unable to pay the same, said Mayor and Board of Aldermen are empowered, in any case where they find the owner of, or the life tenant in, any real property, to be poor and unable to pay the taxes assessed upon such real estate, to cause the collection of any such tax to be postponed until after the death of such owner or life tenant or the transfer or change of the title to such property, and to cause a certificate of lien to be recorded in the office of the Town Clerk of the Town of Waterbury, describing such real estate, the name of the owner or life tenant and the amount of the taxes assessed against such property and stating that the collection of such tax is to be postponed until after the death of such owner or life tenant or the transfer or change of the title to such property; and such lien shall thereupon take precedence and priority of all other liens or encumbrances on such property, except that taxes due to the State and other City liens prior in date, and the lands or buildings on which any such lien may so exist shall be liable to be foreclosed after the death of such owner or life tenant or the transfer or change of the title of any such property, in the same manner as if such lien were a mortgage thereon in favor of the City. Such taxes, when so postponed, shall bear interest which at its maximum shall be the rate set forth in the General Statutes pertaining to a lien for the nonpayment of taxes. The Director of Finance or Tax Collector shall, upon notice from the City Clerk that the collection of such taxes has been so postponed, cause such certificate of lien to be recorded forthwith in the manner hereinbefore stated, and thereupon said Tax Collector shall be free from any further obligation concerning such tax. The Corporation Counsel, upon the decease of such owner or life tenant or upon the transfer or change of the title to such property, shall enforce the collection of such tax and make due return to the Department of Finance.

No provision of the General Statutes concerning deferment of taxes shall apply within the City and all taxes deferred or postponed must be so deferred or postponed under the provisions of this section.
Sec. 1B-4. Liens for Taxes on Real Property\textsuperscript{10}.

In the alternative to any powers conferred by the General Statutes, the City may proceed as set forth in this section. The estate of any person in any portion of real estate situated in the Town of Waterbury, which is by law set in his list for taxation, shall be subject to a lien for that part of his taxes which is laid upon the valuation of such real estate as found in such list when finally completed, which lien shall continue from the first day of October in the year previous to that in which such taxes became due until two (2) years after such taxes became due and, during its continuance, shall take precedence only of all mortgages, attachments and liens purporting to cover or affect such estate in the whole of such portion and becoming matters of record before said first day of October, and of all transfers and encumbrances in any wise affecting such estate in such portion, or any part of it, and becoming matters of record after said first day of October. Such lien while it shall continue as above, may be enforced by levy and sale completed before its expiration. No sale of real estate for taxes shall divest the estate sold of any existing lien for other taxes which would not have been divested had such sale been made by the owners of such real estate.

Sec. 1B-5. Liens for Assessments, Water Charges, Sewer Charges and Other Charges\textsuperscript{11}.

In addition to or in the alternative to any and all powers conferred by federal and state law, constitutions, statutes and regulations, and, in addition to or in the alternative to, without limiting ordinance provisions regarding the collection and lien practices and methods of the City of Waterbury, the City may proceed as set forth in this section. All assessments made under the provisions hereof for any public works or improvements including sewers, streets, brooks, rivers, watercourses, curbs, sidewalks and water charges, delinquent sewer charges and for any expense incurred for which any person shall be liable to the City shall be a lien upon the property upon which such assessments were made or expense incurred, or which is benefited thereby, and any claim for the use of water shall be a lien upon the house or tenement or lot wherein or in connection with which such water was used by the owner or occupant thereof; and all liens created under the provisions of the Charter shall take precedence and priority of all other liens or encumbrances on the property wherein the same is imposed, except taxes due to the state and other City liens prior in date, and the lands, buildings or other property on which any such lien may exist shall be subject to foreclosure proceedings in the same manner as if such lien were a mortgage thereon in favor of the City, to secure the amount of such assessment or expense; provided no such lien shall continue to exist longer than one hundred and twenty (120) days after such assessment shall have become payable, or, as the case may be after such expense shall have been incurred, unless within that period a certificate, signed by the Tax Collector of the City, describing the property on which such lien exists and the amount claimed by the City as a lien thereon shall be lodged with the Town Clerk of the Town of Waterbury; and provided no certificate of lien shall be lodged with said Town Clerk, until the public work or improvement for which assessment is made, as hereinbefore set forth, is completed. In the instance of lien-continuing certificates for water charges or sewer charges, it shall be sufficient for the Tax Collector to file in March of each year one such certificate for all unpaid charges pertaining to each separate property for the preceding calendar year. Whenever any assessment shall be made under the provisions of the Charter of the City
upon the layout or grade of any new street, a certificate of such assessment shall be lodged by the City Clerk with said Town Clerk within two (2) weeks after such assessment is duly adopted by the Board of Aldermen, which certificate shall be at once recorded by said Town Clerk in a book to be kept by him for such purpose, marked or entitled "Certificates of Assessments." Except in the instance of water charges or sewer charges as herein provided, if any assessment shall remain unpaid for a period of one hundred and twenty (120) days after the charge therefore has been levied, which levy shall only be made subsequent to completion of the work or until any other expense is incurred, a certificate of lien upon the property so assessed shall be filed by the Tax Collector in the manner and with the effect hereinbefore set forth. No unpaid assessment for such layout or grade of new streets, brooks, river, watercourse, laying of curb or sidewalk, sewers or for water charges or sewer charges shall be transmitted by the Tax Collector to the Corporation Counsel until after such assessment shall become collectible by reason of the work having been completed or water charges or sewer charges due and no assessment upon any such work or improvement shall be collectible until such work has been completed. All liens set forth in this section shall bear interest, from the expiration of one hundred and twenty (120) days after the date when the assessment upon which such liens are based shall become due and collectible, at the rate of six (6%) percent per annum until paid and discharged; and any such lien shall cease to exist whenever a certificate that the claim secured thereby, together with the interest and costs thereon, has been fully satisfied to the City, signed either by the Tax Collector, or Corporation Counsel, shall be lodged with the Town Clerk aforesaid. All certificates set forth in this section shall be recorded by said Town Clerk in a book kept for that purpose. All City liens for assessments or water charges or sewer charges filed by the Tax Collector and recorded in the office of the Town Clerk within one hundred and twenty (120) days from the time the assessment or water charges or sewer charges became due and payable are validated and all liens, not previously discharged, shall remain of record and have the same effect as if filed within ninety (90) days from the time the assessment or water charges or sewer charges became due and payable. Upon non-payment of any sewer assessment or any part thereof within the time prescribed by law, a lien shall be filed not later than one (1) year after such assessment or any part thereof became due and payable.

Sec. 1B-6. Expiration of liens.

Unless a longer of period of time is set forth in the General Statutes, all tax liens, municipal liens or improvement liens upon private property which shall have been recorded in the land records of the City for more than fourteen (14) years shall be invalid, and such property shall be free from the encumbrance of such lien unless an action of foreclosure shall have been commenced during such period of fourteen (14) years, and, a notice of lis pendens filed for record in the office of the Waterbury Town Clerk. Such Town Clerk shall, if no such notice shall have been filed, upon the request of any interested person, discharge such lien of record by noting on the margin of such record "discharged by operation of law," and thereafter no payment of the debt evidenced by such lien shall be enforced against any person or corporation.

PART C. CHARTER AMENDMENTS AND COMPILATIONS.

Sec. 1C-1. Compilation of Ordinances, Charter Sections and Special Acts.

On or before March first of each even-numbered year, the Corporation Counsel of the City shall print a publication of all amendments to the Ordinances of the City of Waterbury ("Ordinances"), all new ordinances, new Charter sections, amendments to

CHARTER OF THE CITY OF WATERBURY
Charter sections, and any special acts of a permanent nature pertaining to the City as a cumulative supplement to the compilation of the Ordinances, Charter and Special Acts. Said compilation to be called “The Charter and Ordinances of the City” shall be maintained in a current status by the Corporation Counsel. The compilation and all supplements thereto shall be available for sale at a reasonable cost to be determined by the City Clerk. A copy of each compilation and supplement shall be deposited by the City Clerk in the Office of the Secretary of the State, in the State Library, in the bar library for Judicial District of Waterbury and in the Silas Bronson Library.

Sec. 1C-2. Penalties for Charter Violations. Any person who shall violate any provision of this Charter, for which violation no punishment has been provided, shall be fined not more than One Thousand ($1,000.00) Dollars or imprisoned not more than two (2) years or both.

PART D. LEGAL MATTERS.

Sec. 1D-1. Sufficiency of Notice. In all cases where by law notice is required to be given by any of the boards of the City, except as otherwise expressly provided in this Charter, a notice signed by the clerk of such board and served upon the party therein mentioned at least three (3) days before the day of hearing or in case of a nonresident of the City but a resident of this state, a like notice by said clerk deposited in the post office in the City, postage paid, directed to the last-known residence of such nonresident, at least six (6) days before such hearing, or, in case of a nonresident of this state, a like notice so directed and deposited in said post office at least twelve (12) days before such hearing, shall be deemed sufficient notice.

Sec. 1D-2. Appeals from Acts of City. Any party who shall feel aggrieved by any act of the Board of Aldermen or of any department may, within twenty (20) days after the doing of the act by which he claims to be aggrieved, appeal from such action to the Superior Court for the Judicial District of Waterbury at its next regular return day, or next but one, after the date of such appeal; provided he shall have given notice thereof to the City by leaving a copy of such appeal with the City Clerk, or at his usual place of abode, within twenty (20) days after the doing of such act. Said Superior Court shall require such appellant to file his reason for such appeal, and may, by committee or otherwise, inquire into the allegations and reasons of appeal duly made, as aforesaid, and may confirm, annul or modify the act appealed from, or make such order in the premises as equity may require, and may allow costs at its discretion. All such appeals shall be privileged cases in the Superior Court and the Corporation Counsel shall cause such appeals to be heard as speedily as possible. No appeal from the assessment of benefits and damages only shall prevent the making of any public improvement during the pending of such appeal.

Sec. 1D-3. Joinder of Co-Defendants in Actions against City. Whenever any action shall be brought against the City on a claim for which the City would have a right of action over and against another person, company or corporation, either upon a bond or otherwise, the City may, by filing a cross petition in such action, require such person, company or corporation to be made co-defendant.

Each vote, resolution, order, bylaw or ordinance which passes said Board shall be transmitted forthwith to the Mayor. If the Mayor shall approve by signing it or shall fail to take action on it within ten (10) days after its passage, such vote, resolution, order, bylaw or ordinance shall become operative from and after such date, except as otherwise provided in this Charter; if approved, record shall be made of the date of approval; if no action be taken, record shall be made of the date when it becomes operative by reason thereof. If he shall disapprove it, he shall, within ten (10) days, return it to the City Clerk, with his objections in writing, and the Clerk shall present the same to the Board of Aldermen at its next meeting; and such vote, resolution, order, bylaw or ordinance shall not become operative unless passed over the Mayor's veto by an affirmative vote of three-fifths of the members, present and absent ("Veto Override"). In the event the number of votes required for passage exceeds three-fifths, the Veto Override shall be a number equal to the number of votes required for passage. The Mayor may also approve or disapprove of any part of any vote, resolution, order, bylaw or ordinance and the part disapproved shall be void unless passed over his veto, as aforesaid; but, if any measure shall be approved in part and disapproved in part, the part approved shall not become operative unless the part disapproved shall be passed over the Mayor's veto as aforesaid, or unless the part approved shall again be passed by a three-fifths vote.

**CHARTER OF THE CITY OF WATERBURY**
PART C. ASSESSMENT OF BENEFITS AND DAMAGES

Sec. 3C-1. Board of Aldermen to Assess Benefits and Damages.

In addition to or in the alternative to any and all powers conferred by federal and state law, constitutions, statutes and regulations, said Board of Aldermen may, before the execution of any order for the improvement of any public street or highway other than ordinary repairs, or for the alteration or construction of any other public work authorized by this Charter, except the construction of curbs, sidewalks, sanitary sewers and for the discontinuance of any highway or any part thereof, including the layout if necessary of a new highway in the place thereof, make an assessment upon the property which, in the judgment of said Board, is specially benefited thereby, and shall determine the particular amount of such expense to be paid upon such assessment, by the person owning such property. In making such assessment the Board of Aldermen shall assess as benefits such sums as may be awarded as damages, together with not less than two-thirds of the estimated cost of such improvements upon the property which is specially benefited thereby; provided sufficient benefits can be found accruing to and property upon which to make such assessments.

Sec. 3C-2. Assessment Procedure.

Whenever the Board of Aldermen shall have decided to take any such land, construct or alter any such work, establish such building line or discontinue such highway, it shall refer the matter to the Bureau of Assessment, which shall ascertain the benefits and damages to the several parties affected thereby in the manner hereinafter mentioned and make report of its doings thereon to the Board of Aldermen. Said Board of Aldermen shall establish the total probable expense of any such public work or improvement, or the discontinuance of any highway, or establishment of any building line, and shall, as hereinbefore provided, determine what proportion of such estimated total amount shall be paid by persons whose property shall be specially benefited by such improvement, and may assess against the respective persons the sum which each shall pay. In making such assessment the Board of Aldermen shall offset the amount of benefits and damages so that the assessment will be for the net benefits or an award of damages for the net damages. If any person shall refuse to receive the net amount of damages found due to him, or if no one shall be found having authority to receive the sum found due, such amount shall be deposited in the treasury, to be paid to the person to whom such award was made, whenever he shall apply therefor. No assessment for net benefits shall be collectible, nor bear interest, until the work for which such assessment was laid shall have been reported substantially completed. The liability for said net benefits shall run with the land until paid. The assessment of benefits and the award of damages set forth in all certificates of assessments laid prior to the passage of this Charter shall be offset, one against the other as above set forth unless either the damages or the benefits have been wholly paid, or partially paid, in which latter case the unpaid balances of both damages and benefits shall be offset one against the other. In the event that after an assessment has been made for layout and grade, and before the work is completed by the City, a highway has been or may be taken over by the State as part of its highway system, the Bureau of Engineering of the City shall make an estimate of the value of the work done by the City and such assessments may be released upon the payment of that portion of the assessment which equals the ratio of the actual work done by the City to the expense estimated at the time of such assessment.
Sec. 3C-3. Bureau of Assessment.

A Bureau of Assessment which shall be composed of three (3) persons, residents and taxpayers of the City, shall be appointed by the Board of Aldermen, from time to time and during its pleasure, who shall perform the duties herein specified and receive such compensation therefor as the Board of Aldermen may prescribe. Whenever two (2) or more members of the Bureau of Assessment shall be disqualified by reason of interest or other cause from acting upon any assessment or other matter pending before said Bureau requiring the action of a majority of the whole Bureau, the Mayor may appoint two (2) or more persons of the City to serve in the place of said members while so temporarily disqualified; and the persons so appointed by the Mayor shall have, while acting as temporary members of said Bureau, the same powers and duties as are by law conferred upon the regularly appointed members thereof. Said Bureau shall assess all benefits and damages to any person interested in or owning any land or other property taken, damaged or benefited by the construction or alteration of any public work herein authorized, other than the construction of sewers, or by the establishment of any building line or the discontinuance of any highway.

Sec. 3C-4. Notice and Hearing.

Before making any award of damages in favor of or assessment of benefits against any person, the Bureau of Assessment shall cause reasonable notice to be given such person to appear before said Bureau at the time and place specified in such notice to be heard in reference to such proposed award or assessment. Such notices shall be signed by the clerk of said Bureau and shall be delivered or mailed to each of such persons resident in the City, or to the agent in charge of such property, at least three (3) days before the time specified for such meeting or, in case of a nonresident of the City, a like notice by said clerk shall be deposited in the post office at Waterbury, postage paid, directed to the last-known residence of such nonresident, at least six (6) days before such hearing, or, in case of a nonresident of this state, a like notice, so directed, shall be deposited in said post office, postage paid, at least twelve (12) days before such hearing. If any person so interested shall be under any legal disability or, if the owner of any property shall be unknown, such notice shall be given as a judge of the Superior Court for the Judicial District of Waterbury may order.

Sec. 3C-5. Report Upon and Completion of Assessment and Taking.

Upon the completion of the work assigned to it, said Bureau shall make a report of all its doings pertaining thereto, to the Board of Aldermen. Said Board may adopt such report or modify it, and, when such report or modification shall have been adopted and recorded in the records of the Board of Aldermen, each of such assessments shall be deemed to have been legally made, and, if the matter relates to the taking of land, the land described in the order of said Board of Aldermen shall be taken and devoted to the public use for which it shall have been so designated. Such assessment shall be published by the City Clerk within one (1) week after such record, and such sums allowed as net damages shall be payable upon the first week day after the approval of the Director of Finance, after such publication. The City Clerk shall, with any such assessment, also publish the descriptive part of the order of the Board of Aldermen on which such assessment is based and the date when the same is payable. Unless otherwise specifically set forth in the certificate of assessment, all assessments of benefits and awards of damages for the layout and grade of any public street or
highway, including such assessments as have been made heretofore, shall be construed as affecting only that land fronting upon the street or highway in question in single ownership to a depth of not more than two hundred (200’) feet.

PART D. INTERLOCAL AGREEMENTS.

Sec. 3D-1. Board of Aldermen to Regulate Minimum Requirements of Interlocal Agreements by Ordinance.

(a) Scope of Authority. The Board of Aldermen shall enact an ordinance pertaining to the development and implementation of Interlocal Agreements by the City, which ordinance shall specify in its criteria, at the minimum, provisions, which are substantially similar to those of the General Statutes dealing with such agreements.

(b) Contents of Ordinance. Such ordinance shall specifically include provisions addressing the following:

(1) the maximum duration in years of any such Interlocal Agreement, which maximum term is to be explicitly less than the maximum duration permitted by the provisions of the General Statutes;

(2) the specific minimum provisions relating to either termination and/or renewal of Interlocal Agreements to be required of the City in its development and implementation of such agreements;

(3) the payment of consideration by the parties to such Interlocal Agreements, which require, at a minimum, that payment of consideration shall be a prorated share of the total cost of services, personnel, facilities, equipment and/or other property or resources furnished by the City to the other participating parties to such agreements, which total cost may be prorated on the basis of any reasonable formula agreed to by the parties, so long as the amount per unit billed to the other municipality is equal to or greater than the cost to the citizens of the City; explicitly set forth in the text of the terms of any such agreement; and,

(4) the procedures for the ratification and/or rejection of any Interlocal Agreement submitted to the Board of Aldermen by any officer or employee of the City responsible for its development in anticipation of the implementation of such agreement.

(c) General. Such ordinance may include any other provisions deemed appropriate and desirable to the establishment of this local law of general applicability regarding the development and implementation of Interlocal Agreements.

CHARTER OF THE CITY OF WATERBURY
Sec. 4-1. The Executive Power and Authority of the Mayor\textsuperscript{78}. 

(a) Chief Executive Officer. The Mayor shall be the chief executive officer of the City. The executive and administrative powers of the City are vested in the Mayor, except as otherwise provided in this Charter, or provided by law.

(b) Qualifications. The Mayor shall have been a legal voter and resident of the City for the five (5) years immediately preceding election to the Mayoralty and shall reside in the City during his term of office.

(c) Role as Ex Officio Member of Boards and Commissions. The Mayor shall be an \textit{ex officio} member, as hereinafter defined, of all other boards or commissions or authorities, except the Finance and Audit Review Commission, Board of Assessment Appeals, the Board of Zoning Appeals, the Zoning Commission, the Civil Service Commission or any other board whose sole duties are those of reviewing or appeal. The position and duties of the Mayor in relation to each of the aforesaid boards or commissions or authorities shall be effective, any provision of the Charter to the contrary notwithstanding, except that the provisions of the Charter pertaining to the Mayor's powers and duties in connection with the Board of Aldermen shall not be amended by this section.

(1) Powers and Duties as Ex Officio Member\textsuperscript{79}. The powers and duties of the Mayor acting as an \textit{ex officio} member, as hereinbefore provided, shall include the power to have a voice without a vote, except that the Mayor shall have the power to vote in order to break a tie at any such meeting. The Mayor's attendance at any meeting shall be counted for the determination of the existence of a quorum at any such meeting.

Sec. 4-2. Duties.

It shall further be the duty of the Mayor:

(a) to have and exercise all other executive and administrative powers conferred by the laws of the State of Connecticut upon any municipal Chief Executive Officer except as otherwise provided in this Charter, with the exception of the Department of Audit. In this respect the Mayor shall cause the laws and ordinances to be executed and enforced and to conserve the peace within the City and to be responsible for the good order and efficient government of the City;

(b) to fill by appointment vacancies in offices, including, but not limited to, department heads (as set forth in this Charter or Ordinances), boards and commissions in all cases in which the power of appointment is vested in the Mayor, unless otherwise specifically set forth in this Charter;

(1) Restricted and Unrestricted Mayoral Appointment of Members of Boards\textsuperscript{80}. Notwithstanding any other provision of the Charter of the City, the Mayor of said City shall appoint a simple numerical majority of the members (the Unrestricted Appointments) of any board in which the power of appointment is vested in the Mayor. The Mayor of said City shall make no appointment with
regard to the simple numerical minority of the members (the Restricted Appointments) of any board for which provision is made in said Charter to be filled by appointment by the Mayor except from a list of those eligible for appointment submitted by the Board of Aldermen through the City Clerk. Said list shall be assembled from nominations from each member of the Board of Aldermen not of the same political party as the Mayor. Each Alderman may submit up to two names to the City Clerk that he personally nominates for each open simple numerical minority position (the Restricted Appointments).

At least thirty (30) days prior to the date, the Mayor shall notify the Board of Alderman in writing of the time or dates for the making of all appointments (both Unrestricted and Restricted) of such members, and the City Clerk shall, at least five days prior to the time for making such appointments, certify and submit to the Mayor a list of those individuals whom have been nominated to Restricted Appointments, which list shall be made up of not less than twice the number to be appointed. As long as such list is timely submitted, no Individual appointed to a Restricted Appointment of any such board shall be eligible to act as such unless his name shall be one of those listed by the City Clerk in accordance with the provisions hereof. If said list is not submitted within the provided time frame then the mayor may, on his own without any list, appoint members to any restricted appointment.

This section 4-2(b)(1) restricting the Mayor’s powers of appointment does not apply to any boards or commissions such as, but not limited to, the Board of Ethics, Finance and Audit Review Commission and Civil Service Commission, whose constituting authority precludes the appointment of a numerical majority being from any one political party.

(2) Limitation on Appointment Power to Boards and Commissions. The Mayor’s power of appointment pertaining to all members of boards and commissions, including vacancies, is absolute, except as otherwise designated by the General Statutes. However, if the Mayor fails to announce the appointment of a replacement member in the event of a vacancy on said board or commission: (i) during the first six (6) months of the term of office, within ninety (90) days following the effective date of that vacancy or (ii) during the remainder of the term of office, within sixty (60) days following the effective date of that vacancy, then the Board of Aldermen shall fill the vacancy within sixty (60) days thereafter by a majority vote of those present. If the Board of Aldermen fails to fill the vacancy during the sixty (60) day period, then the remaining members of the board or commission for which the vacancy exists shall fill the vacancy by appointment. Said appointments are subject to the requirements of the General Statutes pertaining to minority party representation and this Charter.

(c) to communicate to the Board of Aldermen, during the month of January next succeeding the municipal election, a general statement of the condition of the City in relation to its government, finances, public improvements and affairs with such recommendations as deemed proper by the Mayor;

(d) to call special meetings of any board or commission of the City government when deemed expedient by the Mayor;

(e) to sign all bonds and deeds and all written contracts of the City, with the exception of purchase orders;

CHARTER OF THE CITY OF WATERBURY
(f) to either approve or disapprove each vote, resolution, order or ordinance passed by the Board of Aldermen as herein provided; and,

(g) to enforce the employee residence requirements, if any.

Sec. 4-3. General Powers and Duties.

(a) Faithful Administration of Agreements with the City. The Mayor shall have all contracts and agreements with the City faithfully kept and performed and, to this end, he shall cause legal proceedings to be instituted and prosecuted against all persons or corporations failing to fulfill their agreements with the City. It shall be the duty of each officer of the City, when it shall come to his knowledge that any contract with the City relating to the business of any office has been violated by the other contracting party, forthwith to report the fact to the Mayor.

(b) Powers. The Mayor shall have power:

(1) to assume the entire control and direction of the police and fire forces of the City, or either of them, for a period not exceeding fifteen (15) days, at his discretion, in case of emergency, and to exercise all of the powers conferred upon the Police and Fire Departments in relation thereto;

(2) to exercise, whenever necessary in order to suppress tumults, riots or unlawful assemblies, within the limits of said City, all the powers given by law to sheriffs in relation to riotous assemblages; and at all times, when necessary, require the aid of any sheriff, deputy sheriff, constable or policeman, or any or all of them together, to assist him in executing the laws within the limits of the City;

(3) to suspend, pending hearing and action thereon, and to remove for cause, after due hearing, any board member appointed by the Mayor or any appointed official, but not any elected official;

(4) to control and supervise all officers and departments of the City or town and to that end shall have power to make and enforce such rules and regulations as he may deem advisable for and concerning the organization, management and operation of all the offices and departments and the agencies which may be created for the administration of its affairs, and, within the limits of appropriations, to have power to fix the numbers and kinds of offices and positions and the rates of compensation for all officers and employees, except as otherwise provided;

(5) whenever under this Charter an office shall be created and no provision shall be otherwise made for the appointment of the incumbent thereof, the Mayor shall have the power of appointment;

(6) to have a seat and voice and to introduce ordinances, but not vote, in the Board of Aldermen;
(7) to examine the affairs and conduct of any department, board, commission or office and require all officers to exhibit their accounts and papers and make reports to him and to have the same powers granted to the Board of Aldermen by §§3A-1(a)(1); and,

(8) to compel the attendance at any duly warned meeting of a member of any City board or commission by the issuance of a warrant signed by him as Mayor for the arrest of the body of such member for presentation at such meeting. Such warrant shall be addressed to the City sheriff of the City or any policeman thereof and shall contain the name and address of such member and a direction to the officer to arrest him for the purpose of forthwith presenting him at such meeting.

Sec. 4-4. Mayor Not Succeeding to a Subsequent Term in Office: Powers, Duties and Restrictions.

Notwithstanding any other provisions of this Charter, from the date of any regular municipal election (as hereinbefore defined) until the conclusion of the term of office (November 30th at midnight, next to follow the date of such election), an incumbent Mayor who shall not have been "re-elected" for a subsequent term in office, shall not:

(a) increase the pay, allowances, benefits of any person appointed by him to the unclassified service of the City, including but not limited to: (1) the Corporation Counsel; (2) each executive secretary to the Mayor; (3) all other members of the staff employed at that time by the Mayor; and, (4) the Director of the Budget;

(b) exercise the power of appointment for department heads or other appointees permitted by this Charter or Ordinances, unless the failure to exercise such power would allow the alphabetical listing of the three (3) highest ranking candidates of the civil service exam submitted by the Director of Human Resources to expire, pursuant to the provisions of this Charter or Ordinances pertaining to civil service;

(c) exercise any power of appointment or promotion with regard to municipal employment positions, whether such position is within the classified or unclassified service, as defined in this Charter, unless his power to do so is clear under the civil service provisions of this Charter or Ordinances as either "provisional and/or emergency appointments";

(d) exercise any power of temporary appointment or promotion with regard to municipal employment positions, whether such positions are within the classified or unclassified service, as the power of temporary appointments is defined within the civil service provisions of this Charter or Ordinances;

(e) initiate and conclude any contract with any person as such term may be defined in law, which contract is not certified as necessary to the normal operations of the City, in and through its various department and agency units, by the board or commission having the subject matter thereof in charge, or, if there is no board or commission in charge of the subject matter, then as certified by the Director of Purchases;

(f) renegotiate and conclude any alteration of terms, conditions or consideration paid or subsequently due for payment in the matter of any contract previously in force and effect, unless such is certified as necessary to avoid stoppage of

CHARTER OF THE CITY OF WATERBURY
the orderly conduct of the business of the City, or to avoid an unforeseen emergency
and thereby prevent the serious impairment of the public business, such certification to
be provided by the board or commission having the subject matter thereof in charge, or,
if there if no board or commission in charge of the subject matter, then as certified by
the Director of Purchases and the City Auditor.

In any instance in which it is proposed to renegotiate and conclude any
alteration of terms, conditions or consideration due in a contract, as set forth in
subparagraph (e) above, and a certificate has been provided as required under this
section of the Charter, then and in that event, such actions of renegotiation and
alteration may be pursued in accordance with all other applicable provisions of this
Charter.

The restrictions enumerated herein are only applicable to a Mayor who shall not
have been “re-elected” and shall apply only during the period of the term of office on
and after the date of the municipal election in which it is determined that said Mayor will
not continue in office, until the November 30th at midnight next following the date of such
municipal election.

Sec. 4-5. Vacancy in Office of Mayor.

If a vacancy shall occur in the office of Mayor, the President of the Board of
Aldermen shall at once become Mayor for the unexpired portion of the term and he shall
have all the rights and powers and duties of such Mayor, and the term of office as
president of the Board of Aldermen and member thereof shall then expire. If the person
elected as Mayor shall for any reason fail to qualify and assume his office, the
newly-elected Board of Aldermen shall elect the Mayor from their number.

Sec. 4-6. Acting Mayor.

If the Mayor shall be prevented from attending to the duties of his office by
absence from the City or by illness or by any other cause, the President of the Board of
Aldermen of said City and, in his absence or disability, such President Pro Tempore as
the Board of Aldermen may elect, shall act as Mayor until the Mayor or President of the
Board, as the case may be, shall be able to assume the duties of the office. Such acting
Mayor shall have all the rights, powers and duties of the Mayor except that for a period
of thirty (30) days from the date when such acting Mayor shall assume the performance
of the duties of Mayor, he shall not have or exercise any power of appointment or
removal. If an acting Mayor shall perform the duties of Mayor for seven (7) consecutive
calendar days, such acting Mayor shall be compensated from the first day of such duty
at the rate of fifty (50%) per centum of the Mayor’s salary prorated for such period.

Sec. 4-7. Assignment of Rights or Duties to Town or City Officers.

this Charter assigned to some officer of the City or Town of Waterbury, the Mayor is
authorized and empowered to assign such rights and duties to such officer of the City or
town as he may determine.

The Mayor, with the consent of ten (10) members of the Board of Aldermen of the City, is empowered to contract to lease any land owned by the City to such electrical power company for such length of time and on such terms as may be agreed upon for the location thereon of powerhouses, conduits and transmission lines and for such other purposes as may be necessary or convenient for the creation, development or transmission of electrical energy developed from such water by the power company contracting for its use.

Sec. 9A-2. No Liability or Expense to be Incurred in Excess of Appropriation\textsuperscript{251}.

Neither the City, nor any department or officer or board or commission thereof, shall, except as herein otherwise provided, incur any liability or expense, by contract or otherwise, for which the City shall be responsible, in excess of the appropriations so made by the Board of Aldermen, nor for any object or purpose for which an appropriation has not been made. Moreover, no money shall be expended without an appropriation\textsuperscript{252}.

Sec. 9A-3. No Public Improvement to be Ordered Without Appropriation\textsuperscript{253}.

No public improvement of any kind shall be ordered by the Board of Aldermen or other authority having power to authorize the same until an appropriation for such improvement has been duly made and funds to pay for the same have been allotted and set apart for that purpose.

PART B. BUDGETARY PROCEDURES.

Sec. 9B-1 Annual Departmental Budget Estimates.

(a) Authority to Require Departmental, Agency or Office Estimates. The Mayor shall have the power to require the head of every department, office or agency, including the Board of Education, to submit to the Mayor, or designee, (a) such estimates of revenue and expenditures for the ensuing fiscal year; and (b) any additional information which they possess (including, but not limited to, records, books, accounts, contracts, reports and other papers and documents as specified by the Mayor) all of which, in the judgment of the Mayor, are necessary to discharge the duties imposed upon the Mayor by this Charter.

(b) Submission of Estimates\textsuperscript{254}. The head of every department, office or agency shall submit to the Mayor and Director of the Budget the information required in §9B-1(a) of this Chapter, at such date as the Mayor shall determine, following consultation with the Director of the Budget and in accordance with such procedures as the Mayor shall establish, estimates of revenue and expenditure for that department, office or agency\textsuperscript{255}. Such estimates shall be submitted upon forms furnished by the Mayor and shall contain all necessary information. The Mayor shall review the estimates and, in preparing the budget, may revise them, except that in the case of the Board of
Education, the Mayor shall have power to revise only the total estimated expenditure unless otherwise permitted by law.

(1) Required Contents of Estimates: Annual Proposed Plan. The estimates shall set forth the proposed plan for the ensuing year stating the services it plans to deliver and the expenses necessary to deliver these services. A list shall be made of the most important items not included in the budget for financial reasons and the expense for each item not included. It shall list the funded items with lowest priority and that should be considered for budget cuts if such become necessary. The proposed departmental plans are to include the cost to the City of current benefits such as health and life insurance and the cost of future benefits such as pensions and post-retirement medical expense. The Director of the Budget shall provide factors to use in these calculations.

Sec. 9B-2. Submission of the Mayor's Proposed Budget. Public Hearing.

(a) Submission. On or before the first day of April of each year, the Mayor shall submit to the Board of Aldermen through the City Clerk:

(1) An annual or current expense budget, hereafter referred to as the budget, which shall be a complete financial plan for the ensuing fiscal year, consisting of the budget proper and the budget message; and,

(2) A capital budget.

(b) Public Hearings. The Board of Aldermen shall conduct at least two (2) public hearings on the Mayor's proposed budget.

(1) Submission Hearing. Upon receipt of said budget, the City Clerk shall transmit copies to the Board of Aldermen forthwith. Said Board shall call a public hearing on the budget to be held by the Board (or a committee thereof) no less than seven (7) days nor more than fourteen (14) days after its submission.

(2) Final Hearing. Said final hearing by the entire Board shall be held no more than seven (7) nor fewer than three (3) days prior to adoption of the budget by the Board of Aldermen as set forth in §9B-4(c) of this Charter.

(3) Additional Hearings. During the deliberations the Board of Aldermen (or a committee thereof) may hold additional public hearings.

Notice of the date, time and place of said hearings shall be published within three (3) days after the submission of the budget in the manner provided herein for the publication of ordinances.

(c) Budget a public record. Both parts of the budget shall be a public record in the Office of the City Clerk and shall be open to public inspection. The budget message shall be printed by the Mayor for general distribution at the time of its submission to the Board of Aldermen, and sufficient copies of the budget proper shall be made available at the same time for the use of the Board of Aldermen and the public.

(d) The Budget Message. The budget message shall contain the recommendations of the Mayor concerning the fiscal policy of the City, a description of
the important features of the budget plan, an explanation of all major increases or
decreases and changes in budget recommendations as compared with prior years, and
a summary of the proposed budget showing comparisons similar to those required in
the budget proper, itemized by principal sources of revenue and the main heads of
expenditure. Said message should also summarize the City’s debt position and include
such other material as the Mayor deems desirable.

Sec. 9B-3. Required Contents for Budget Submission.

(a) Scope of Annual General Fund Budget. The budget shall contain:

(1) A general executive summary of its contents set forth in plain
language;

(2) An estimate of all revenue cash receipts anticipated from sources
other than the tax levy of the ensuing fiscal year. The Board of Aldermen may,
by ordinance, establish criteria that the Mayor must use for estimating cash
receipts from sources other than the tax levy;

(3) An estimate of the general fund cash surplus at the end of the
current fiscal year or of the deficit to be made up by appropriation;

(4) The estimated expenditures necessary for the operation of the
several departments, offices and agencies of the City;

(5) Debt service requirements for the ensuing fiscal year;

(6) An estimate of the sum required to be raised by the tax levy for the
ensuing fiscal year, assuming a rate of current levy year collections not greater
than the average rate of collection in the year of levy for the last three (3)
completed fiscal years. The Mayor may deviate from said assumed collection
average. In the event the Mayor submits a budget containing such a deviation in
the rate of collection in excess of (i) the three year average or (ii) a rate of
collection of ninety-three (93%) percent, whichever is less, said budget
submission shall be accompanied by a certification by the Finance Audit and
Review Commission asserting that the assumption is a reasonable estimate
upon which the Board of Aldermen may rely; and

(7) A balanced relation between the total estimated expenditures and
total anticipated revenue cash receipts, taking into account the estimated general
fund cash surplus or deficit at the end of the current fiscal year;

(8) The anticipated income and expense as well as profit and loss for
the ensuing year for each utility or other enterprise fund operated by the City.

All estimates shall be in detail showing revenues by sources and
expenditures by organization units, activities, character and object. The budget
shall be so arranged as to show comparative figures for receipts and
expenditures for prior years and the current year as well as the Mayor’s
recommendations for the ensuing year.

79

CHARTER OF THE CITY OF WATERBURY
All estimates for expenses to be incurred for benefits, including medical, life insurance, pension, post-retirement life and medical shall be allocated to the department driving the expense. Moreover, the budget shall include comparative data between the cost of major services in the City and other comparable cities in Connecticut utilizing data generated by the Connecticut Policy and Economic Council (“CPEC”) or the Connecticut Conference of Municipalities (“CCM”), their successor entities or similar organizations.

(b) **Special Revenue Fund Budget.** In addition to such data pertaining to the General Fund, the budget submission shall contain complete information regarding funds used to account for proceeds of one or more specific revenue sources (other than special assessments or capital projects) that are generally not controlled by the general fund but rather by grant requirements or specific ordinances, statutes or other legal requirements. If such funds are set forth in the General Fund budget they shall be specifically designated as “Special Revenue Funds”.

(c) **Appropriation and Tax Levy Resolutions.** Simultaneously with the submission of the budget, the Mayor shall also introduce resolutions which shall set forth the appropriations and tax levy in mills upon all the ratable estate within the City for the ensuing fiscal year. The appropriation resolution shall be based on the budget but need not be itemized further than by departments and the major divisions thereof and by each independent office and agency and by the principal objects of expenditure. Neither of the above resolutions shall be acted upon until after the adoption of the budget, which shall be adopted by resolution of the Board of Aldermen. The hearing upon the budget shall be taken to be the hearings upon the appropriation and tax levy resolutions.

Sec. 9B-4. **Budget Deliberations of the Board of Aldermen.**

(a) **Modifications.** After the conclusion of the public hearing set forth in §9B-2(b), above, but not later than a date specified by this Charter, the Board of Aldermen may insert new items of expenditures or may increase, decrease or strike out items of expenditure, except that no item of appropriation for debt service and no item of appropriation necessary to fulfill the obligations of the City as determined by the Retirement Board shall be reduced. The Board of Aldermen shall not increase the Mayor’s estimates of receipts. It may, however, decrease the amount of the tax levy for the ensuing fiscal year as proposed by the Mayor in proportion to such decrease in the total of expenditures proposed by the Mayor as it may have determined. If it shall increase the total proposed expenditures such increase shall be reflected in full in the tax rate.

(b) **Ordinance Establishing the Budget Process.** The Board of Aldermen shall specify by ordinance the pertinent provisions regarding the budget process and deliberations.

(c) **Adoption of the Budget.** Upon approval, reduction and/or disapproval, of budgetary provisions offered by the Mayor, but not later than midnight of the second business day following the first Wednesday after the first Monday in June, the Board of Aldermen shall adopt, by resolution, the budget, appropriations and tax levy and transmit such enactments to the Mayor for approval or veto as set forth in §3B-6 of this Charter.
(d) Failure to Adopt a Budget. If the City fails to adopt the appropriate budget resolutions to be effective on or before the commencement of the fiscal year, the provisions of the General Statutes applicable to expenditures prior to adoption of budgets shall apply. If the General Statutes are silent on the issue, the budget, as adopted in the preceding fiscal year, as adjusted by the amount necessary to meet the funding requirements of pensions and legally and contractually required increases, as certified by the Director of the Budget, shall be deemed to be the budget of the City for the ensuing fiscal year and expenditures shall be made in accordance therewith. The Board of Aldermen shall thereupon adopt the appropriation resolution and the resolution making a tax levy in accordance with the budget adopted.

**PART C. CAPITAL PROJECTS.**

Sec. 9C-1. Capital Budget.

As a part of the budget message or as a separate report attached thereto the Mayor shall present, by resolution, a program of proposed capital projects for the ensuing fiscal year and for the four (4) fiscal years thereafter. Estimates of the cost of such projects shall be submitted by each department, office or agency annually in the same manner as estimates of other budgetary requirements are prepared for the Mayor. The Mayor shall recommend to the Board of Aldermen those projects to be undertaken during the ensuing fiscal year and the method of financing the same. The Board of Aldermen may levy annually a tax of not more than two (2) mills to be assessed upon the ratable estate within the City at the same time as the regular annual taxes for City expenses, for the benefit of a fund to be known as "The Capital Improvement Fund" established for the purpose of paying the cost of capital improvements for which the City is authorized by this Charter to issue bonds and for no other purpose. The proceeds of such levy shall be kept by the Director of Finance in a special bank account as may be established. The Board of Aldermen shall have power to transfer from time to time to the capital improvement fund any portion of the general fund cash surplus not otherwise appropriated. Appropriations for construction or other permanent improvements, from whatever source made, shall not lapse until the purpose for which the appropriation was made shall have been accomplished or abandoned, provided any project shall be deemed to have been abandoned if three (3) fiscal years elapse without any expenditure from or encumbrance of the appropriation therefor, provided, at the request of the Mayor, the Board of Aldermen may, at any time by resolution, transfer any unencumbered balance or portion thereof from one project to another.

**PART D. POST-ADOPTION FINANCIAL PROVISIONS**

Sec. 9D-1. Transfer, Additional and Lapse of Appropriations during the Fiscal Year.

(a) Transfers of Appropriations. The Mayor may at any time propose the transfer of any unencumbered appropriation balance or portion thereof from one classification of expenditure to another within the same department, office or agency. At the request of the Mayor, the Board of Aldermen may by resolution transfer any unencumbered appropriation balance or portion thereof from one department, office or agency to another, except that no funds may be transferred from the funds appropriated to the Board of Education.
(b) Additional Appropriations. Appropriations in addition to those contained in the budget, except for the purpose of meeting a public emergency as may be defined by ordinance, shall be made only on the recommendation of the Mayor and only if the Director of Finance certifies that there is available general fund cash surplus sufficient to meet such appropriation. Said additional appropriation shall require the affirmative vote of ten (10) members of the Board of Aldermen. Moreover, the Board of Aldermen, by a majority vote, may require the Director of Finance to transfer any unexpended balance or part thereof of any specific item of the appropriation of any department of the City to any other item in the same department, or any such new item as may be created in the same department, provided the amount of such new item shall not increase the total appropriations as originally made for such department.

(c) Appropriations to Lapse at Close of Fiscal Year. Any portion of any annual appropriation remaining unexpended and unencumbered at the close of the Fiscal Year shall lapse and shall be credited back into the treasury thirty (30) days after the expiration of the fiscal year for which it is so made.

Sec. 9D-2. Special Appropriations to Require Special Tax.

If a special appropriation shall be required for any purpose in excess of the total appropriations as made under §§9B-3(a)(vi) and 9C-1(a) and (b), an estimate of the same shall be prepared by the Mayor and submitted to the Board of Aldermen at a special meeting for that purpose, and said Board, at such meeting, or any adjournment thereof, shall have power to make any such appropriation and to lay a special tax to meet the same; but no such appropriation shall be made unless a special tax shall be laid and ordered collected sufficient to cover the amount appropriated.

Sec. 9D-3. Appropriation of Insurance Loss Proceeds.

The City is empowered to make appropriations in the general fund at any time against resources derived from insurance proceeds received as a result of damage to any of its property, provided said appropriations shall be made only for the purpose of restoration of the damaged property and, if necessary, for construction and acquisition of replacements for the damaged property. Said appropriations may comprise all or part of the cost of such restoration, construction or acquisition. In the instance of real property, said appropriations may include the cost of any properly-voted relocation thereof. Any provision of §§9A-2 or 9D-1(c) of this Charter or of any other Special or Public Act, conflicting with the provisions of this act, shall not apply to this act.
CHAPTER 10. PUBLIC FUNDS AND FINANCE

PART A. BORROWING BY THE CITY

Sec. 10A-1. Issuance Authorized. The City shall have the power to incur indebtedness by authorizing the issuance of its bonds and notes for such purposes, upon such terms, form and to such extent as is authorized and permitted by the General Statutes and applicable Special Acts. Said power shall extend to general obligation bonds, bond anticipation notes, temporary notes, grant anticipation notes, tax anticipation notes and other types of special obligations authorized and permitted by the General Statutes and applicable Special Acts (all hereinafter "Bond" or "Notes").

Sec. 10A-2. Procedures.

(a) Public Finance Ordinance. The Board of Aldermen, by ordinance, shall adopt procedures for the structure, timing and method or manner of the issuance and sale of Bonds and Notes. Said ordinance may set forth the respective roles and responsibilities of the Mayor and other City officials with respect to debt planning, issuance and management; including, but not limited to their authority to retain consultants for specialized services.

(b) Authorization of Bonds and Notes. Unless otherwise provided by the General Statutes or applicable Special Acts, Bonds and Notes shall be authorized by a resolution approved by the affirmative vote of at least ten (10) members of the Board of Aldermen, following a public hearing held by said Board of Aldermen on published notice given at least seven (7) days before the meeting, including Sundays and holidays and including the day of publication but not the day of the hearing.

Said Bond Resolution shall contain an authorization of a stated amount or a stated maximum amount of bonds for a stated capital purpose, which shall be described in brief and general terms. Several purposes, which are similar in character or related to one another, may be combined in a single resolution. Each authorization of bonds shall be deemed to constitute an appropriation of the proceeds for the purpose or purposes of the issue.

(c) Bond Referendum. No Bonds or Notes so authorized shall be issued or sold for a period of at least thirty (30) days after published notice of such authorization. If within such thirty-day period a petition signed by at least five (5%) percent of the voters of said City (as determined by the last compiled registry) requesting a referendum on such bond issue is presented to the City Clerk, no such Bonds or Notes shall be issued or sold until such referendum is held and a majority of the voters voting thereon approve such sale.

If the petition is found sufficient, the City Clerk will notify the Aldermen, which shall either repeal the Bond Resolution or submit it to referendum of the electors at the next general election or at such earlier date as the Aldermen may determine in accordance with the relevant statutes. Upon the filing of a sufficient petition, the Bond

CHARTER OF THE CITY OF WATERBURY

Sec. 10A-3. Approval of Mayor.

Such Bonds shall not be authorized unless in accordance with the provisions of §10A-2 and approved by the Mayor in accordance with §3B-6 of this Charter.

Sec. 10A-4. Short Period of Limitation.

When thirty (30) days shall have elapsed after the passage or, when thirty (30) days shall have elapsed after the period for bringing a petition on a Bond Resolution subject to referendum and such petition has not been filed, the recitals or statements of fact therein shall be deemed to be true for the purpose of determining the validity of the Bonds, and the Bond Resolution shall be conclusively presumed to have been duly and regularly passed and to comply with the provisions of this Charter, and the validity of such Bond Resolution shall not thereafter be questioned by either a party plaintiff or a party defendant except in a suit, action or proceeding commenced within the time limits of this section.

Sec. 11B-1. Individuals May Not Lay Out Streets. No person, company, or corporation shall lay out any street or highway within the limits of the City less than three rods in width, unless with the prior approval of the Board of Aldermen. No street or highway shall be open to the public until the grade, layout, location, width and improvement of such street or highway shall have received the approval of the Board of Aldermen of the City nor until such approval shall have been filed in the office of the Town Clerk. The Town Clerk shall not receive or place on file any map of any such new street or streets, highway or highways or any map of land showing such new highway or street until he shall have received a certificate signed by the Mayor, stating that such new layout has been duly approved by the Board of Aldermen. In case any new street or highway shall be laid out in violation of the provisions of this section, such street or highway shall be immediately closed by the
Superintendent of Streets and shall be kept closed until such time as the grade, layout, location, width and improvement of such street or highway shall have received the approval herein provided for. Any person, company or corporation violating the provisions of this section shall be fined Twenty-Five ($25.00) Dollars for each day such street or highway shall remain open. No water main, sewer or street lights or other public improvement shall be installed in any street or highway hereafter not laid out in conformity with the provisions hereof. The City shall not be liable for any damages sustained upon, or by reason of, any street or highway that shall hereafter be opened unless the same shall have been laid out as herein provided and accepted by the City.

Sec. 11B-2. Property Owners to Clear Sidewalks of Snow and Ice.278

The duty of keeping sidewalks within the City free from snow and ice shall remain upon adjoining property owners. If any such owner shall neglect or refuse to remove snow, ice or sleet from the sidewalk adjacent to his land, in the manner required by ordinance, the Superintendent of Streets shall, at the expense of the City, perform the things required by such ordinance, and the expense so incurred shall, from the time the Superintendent begins to act and make expense in the premises, be and continue a lien in favor of the City upon such land. Such amount may also be recovered in an action in the name of the City.

Sec. 11B-3. Construction and Use of Electric Wire Conduits; Appeals.279

The City shall have authority, through its Department of Public Works, to build, construct and maintain conduits with manholes and ventilating shafts and all other appurtenances pertaining to conduits, for telephone, telegraph, fire alarm, electric light and all other electric wires except those of street railway corporations, used or to be used in the City in and through the streets and highways of the City, and to require all persons or corporations engaged in the use or distribution of electricity, including telegraph, telephone and electric light companies, to place their wires within such conduits, and to pay a reasonable rental therefor, to be determined by said Department of Public Works upon the following basis: A reasonable rental based upon the cost of construction and the creation and maintenance of a sinking fund for the repair, maintenance and cost of conduits, manholes, ventilating shafts and appurtenances, and the sum charged shall be apportioned among the users of such conduits according to the number of ducts occupied therein by the persons or corporations owning or using the same. When the amount to be charged to any person or corporation by way of annual or other rental shall have been determined by said Department of Public Works, written notice thereof, signed by the City Clerk, shall be given to such person or corporation and, if such person or corporation shall claim to be aggrieved by such determination of such sum so to be charged for the use of the conduit, such person or corporation within thirty (30) days after notice of such determination of the same, may appeal by petition to the Department of Public Utilities Control for a re-estimate of such sum ordered to be paid by it. As many of the parties interested in such matter as choose to do so may join in such appeal and when separate appeals shall be taken by different parties concerning such estimate of the sum to be charged for the use of such conduits, all of such appeals shall be heard and tried as one cause. Such appeal shall be by a suitable petition in writing, setting forth the action of said Department of Public Works and asking for a re-estimate of the sum to be charged for the use of such conduit, with a citation attached thereto, signed by any authority authorized to sign writs, returnable before the Department of Public Utilities Control at ten o’clock a.m., two (2) weeks from
the date of such petition, and such citation shall be served upon the Clerk of the City at least six (6) days before the return day thereof. If, upon hearing such appeal, the Department of Public Utilities Control shall find cause to alter such estimate, it shall proceed to re-estimate the sum which shall be charged the appellant or appellants for the use of such conduits and such re-estimate shall be binding upon the City and upon the appellant or appellants. Any person or corporation aggrieved by any order, authorization or decision of the commission in any matter to which he or it was or ought to have been made a party, may appeal therefrom to the Superior Court within fifteen (15) days after the filing of such order, authorization or decision and such appeal shall be in accordance with C.G.S. §§16-35 to 16-39, and said sections shall apply in all respects as in cases provided for therein. The sum to be charged for the use of such conduits, upon the application of any person or corporation owning or using wires therein shall be re-estimated as of the first day of January in each year. Any person or corporation having the right to put wires in such conduits, may put the same therein at any time, without charge, until the first day of January of the ensuing year.

Sec. 11B-4. Private Conduits May Continue in Use or Be Taken by City²⁸⁰.

Any corporation having, at the date of the passage of the act authorizing this provision of the Charter, any conduit or conduits for the use of its wires within any of the streets of the City shall either be permitted to make such use of such conduits as it may have at said date or be entitled, at the option of the City, to receive full compensation for such conduits, which shall thereupon become the property of the City. In the event of any disagreement between such corporation and the City as to the price to be paid by the City for such conduits, the City may take such conduits by condemnation in the manner provided by its Charter for the taking of land for public purposes.

PART C. PUBLIC WORKS: CITY SEWERS²⁸¹

Sec. 11C-1. Assessment for Construction of Sanitary Sewers²⁸².

Except as hereinafter provided, whenever a sewer shall have been constructed in any street of the City and shall be ready for use, the Board of Commissioners of Public Works shall cause notice to be given to the owners or persons in possession of all property subject to assessment to appear before it to be heard relative to the assessment therefor, and shall thereupon assess the prevailing lineal front-foot rate set by the Board of Aldermen pursuant to §11C-2 of this Charter upon all property abutting upon such sewer and not abutting upon any sewer if drained by it and not otherwise assessed, describing each piece or specifying the amount assessed thereon; however, no assessment shall be made against any property in excess of the special benefit to accrue to such property; provided, property situated on a corner at the intersection of two (2) or more streets, belonging to the same owner, shall not be assessed upon its total frontage on all streets abutting the property, but shall be exempt therefrom upon its frontage on one of such streets not exceeding seventy-five (75') feet after sewers have been installed on all streets abutting the property except as hereinafter provided; for property situated on a corner at the intersection of two or more streets, belonging to the same owner, and having a total frontage of not less than one hundred and twenty-five (125') feet, when the exemption will not be seventy-five (75') feet after sewers are installed on all streets abutting the property, because the foot frontage of the property to be assessed for the sewer last installed is less than seventy-five (75') feet, an exemption equal to the difference between seventy-five (75) and the foot frontage of the

90

CHARTER OF THE CITY OF WATERBURY
property less than seventy-five (75') feet shall be granted when the sewer assessment is levied on the street with the larger frontage. It is further provided for property situated on a corner at the intersection of two or more streets, belonging to the same owner, having a total frontage of less than one hundred and twenty-five (125') feet and the smaller frontage being less than fifty (50') feet, an exemption equal to the difference between fifty (50') feet and the smaller foot frontage shall be granted when the sewer assessment is levied on the street with the larger frontage; provided that no assessment shall be for less than fifty (50') feet if there is a total frontage of the property of fifty (50') feet or more, but if the total frontage is less than fifty (50') feet then the assessment shall be levied on the total frontage; and property lying between parallel, or nearly parallel, streets fronting on both such streets, shall, if belonging to the same owner, be exempt from assessment upon the street with the smaller assessment if both sewers are installed simultaneously or within one year of each other, until such time as use is made of the exempted sewer. If sewers are installed on parallel, or nearly parallel, streets and that property in question between those two sewers already is making use of the older installation there is to be an exemption from assessment, if the property owner neither requested nor had use for such installation, until use is made of the exempted sewer; and property covered by ponds or streams having a width of not less than fifteen (15') feet frontage on any such street, so long as it shall be so covered by such ponds or streams, and property belonging to any ecclesiastical society used for a church, and property belonging to any railroad company and used exclusively for its tracks, and property used as a cemetery, shall be exempt. Whenever a sewer shall have been constructed in any public street or private road within the City and shall not have been constructed by the City, if such sewer shall be connected with the sewage disposal system of the City and made a part thereof, the Board of Commissioners of Public Works shall make an assessment as aforesaid but shall credit to each assessment an allowance not exceeding one-half the actual value of the sewer so connected situated in the street in front of the property so assessed.

Sec. 11C-2. Establishment of Assessment Rates

The Board of Aldermen shall, from time to time, establish by ordinance a standard lineal front foot assessment rate for sanitary sewers as prescribed by §11C-1 of this Charter. Said standard lineal front foot assessment rate shall be determined so as to conform with the average then-prevailing installation costs for sanitary sewers in the City. Said average installation costs are to be determined by the Board of Commissioners of Public Works, and with not less than two-thirds of the average installation costs to be assessed to the parcels of land benefited by said sanitary sewers. Said average installation costs shall include, but not be limited to, such costs for excavation, sewer pipe, and materials; gravel, sand and stone fill; and grading work but not to include costs for rights-of-way, pumping stations, and trunk connections.

There exists in the City established parcels of land which have through the general real property tax contributed toward the defrayment of costs of construction and installation of sanitary sewers, and yet have not themselves benefited by said sanitary sewers. For said reason, the Board of Aldermen may establish by ordinance a special lineal front foot assessment rate for said parcels of land if, as of January 1, 1974, there was on file in the records of the Town Clerk's office, City Plan Commission, or City Engineering Department a map, plan, or drawing concerning a parcel of land which either (a) is situated on, and abuts, a street of record (i.e., an accepted street, an approved street, or a paper street), or (b) is shown and delineated on a subdivision plan approved by the City Plan Commission; and if as of November 4, 1975, said parcel of
land was not being serviced by a sanitary sewer in the street which abuts said parcel, and to which street said parcel drains; and if, at any time subsequent to November 4, 1975, the Board of Commissioners of Public Works causes said sanitary sewer to be constructed in said street.

Said special lineal front foot assessment rate for said established areas as herein defined shall be at a rate lower than the standard lineal front foot assessment rate as previously defined and shall be a fair and reasonable compensation for the benefits accrued because of said sanitary sewers and shall reflect the consideration of the previous tax burden without benefit of said sanitary sewers.

Sec. 11C-3. When Sewer Assessment Payable; Penalty for Nonpayment.

The Department of Public Works may cause the above mentioned notices to be given and make the assessment as soon as the contract shall be entered into for the construction of any sewer; but, if any assessment shall be made before the sewer shall be completed, such assessment shall not be due and payable until such sewer shall be completed and ready for use. Notice of any assessment for sewers shall be published one time in two (2) daily newspapers of the City, within one (1) week after the adoption of such assessment by said Department of Public Works, and such assessment shall become due and payable in two equal installments. The first payment shall be due and payable within one hundred and fifty (150) days following the final day of the publication of such notice, provided such sewer shall be ready for use. The second payment shall become due and payable one hundred and fifty (150) days later. If any taxpayer shall fail to pay the first installment within one hundred and fifty (150) days after the same shall become due, the whole amount of such assessment shall forthwith become due and payable and interest at the rate of six (6%) percent per annum shall be added from the assessment date, so long as such assessment shall remain unpaid; but the Board of Aldermen shall have power to abate such interest in favor of any person whom it shall find to be too poor to pay the same. All persons paying the second installment of such assessment before the end of the first installment period shall receive a rebate, for the time such payment was made in advance, at the rate of four (4%) percent per annum, provided the first installment of such assessment shall be fully paid when due. The provisions of this section shall apply to all assessments made subsequent to January 1, 1939.

PART D. PARKS AND RECREATION

Sec. 11D-1. Board to Acquire, Improve, Manage and Control Park Property.

The Board of Park Commissioners shall have the care, management and control of all parks and grounds used for park purposes and of all playgrounds and athletic fields located therein, of all boulevards connecting parks and structures thereon and of parkways, owned by or in the control of the City, within or without the corporate limits of the City, with all equipment and paraphernalia belonging thereto, and may give proper designating names thereto. The Board shall have power to acquire, and the City to hold, property, whether within or without the corporate limits of the City, for the purpose of establishing public parks and public squares or the enlarging of existing parks or for boulevards connecting parks or parkways, by condemnation or by contract for the same; to accept conveyances thereof; to receive gifts, donations or devises of land or other property for park purposes; to lay out and to improve with walks, drives and roads;
to build necessary culverts and bridges and to drain, plant and otherwise at its
discretion to improve and adorn, the parks and other property thus held or acquired by
said Board and to erect such buildings as may be needed for the purposes of
administration or for the use, protection and refreshment of the public; provided in no
case shall any expenditure be made in excess of the amount previously appropriated.
Said Board shall not be compelled to accept any gift or offer of land which, in its
judgment, is unsuited to park purposes or the improvement of which would entail an
injudicious outlay.

Sec. 11D-2. Grants and Devises of Property for Park Purposes\(^{287}\).

Real and personal property may be granted, bequeathed, devised or conveyed to
the City, for the purpose of the improvement or ornamentation of said parks or
approaches or for the establishment or maintenance therein of museums, zoological or
other gardens, collections of natural history, observatories, monuments, statues or
fountains or other works of art, upon such trusts and conditions as may be prescribed
by thegrantors or devisors thereof, and accepted by the Board of Aldermen. All
property so devised, granted, bequeathed or conveyed, and the rents, issues, profits
and income thereof shall be subject to the exclusive management, direction and control
of said Board of Park Commissioners.

Sec. 11D-3. Establishment of Boulevards and Parkways\(^{288}\).

The Board of Park Commissioners shall have power to connect any public park
under its control with any other park over which it has jurisdiction, by a boulevard or
parkway; and, whenever in its judgment it is necessary, it may designate as such any
existing highway, or part thereof, which shall thereupon be deemed a part of such
parkway; but the same shall remain under the control of the City authorities having
jurisdiction thereof at the date of the passage of the act authorizing this provision of the
Charter.

Sec. 11D-4. Location of Pipes and Wires in Parks\(^{289}\).

The Board of Park Commissioners shall have sole power to determine the places
in said parks and parkways, and in other property under its control, where sewers, gas
and water pipes shall be laid; and no trench for such purposes shall be opened until the
Commissioners shall have designated the location of the same and given permission in
writing. No telegraph, telephone or electric wires, or other wires, or posts or supports
therefor, shall be erected in, upon, through or over said parks or parkways, without the
consent in writing of said Board, which shall designate the place and the manner of
erecting and maintaining the same, to be altered at such time and in such manner and
under such conditions as said Board may deem best.

Sec. 11D-5. Issuance and Enforcement of Regulations\(^{290}\).

Said Board shall have power to make and alter, from time to time, all needful
rules and regulations for the maintenance of order, safety and decency in said parks,
both within and without the limits of the City, and to affix penalties for disobedience
thereeto, which rules and regulations shall have the force of the ordinances, provided no
such rule or regulation shall be of any effect unless it shall have been first approved by

93

CHARTER OF THE CITY OF WATERBURY
the Board of Aldermen and then published in full in one or more of the daily newspapers published in Waterbury and also printed and posted in conspicuous places within the limits of the property to which such regulation is intended to apply. For the purpose of enforcing such rules and regulations, all such parks and property, whether within or without the limits of the City, are placed under the police jurisdiction of the City, and complaints for the violation of such regulations may be made by the State's Attorney for the Judicial District of Waterbury covering the same geographical area. Any member of the Police Department may arrest, without warrant, in any of such parks or places, whether within or without the limits of the City, any person who has broken any park rule or committed any other offense in such park; and the Superior Court for the Judicial District of Waterbury shall have jurisdiction of all misdemeanors committed within the limits of such parks.

PART E. MICELLANEOUS ISSUES

Sec. 11E-1. Group Insurance Policies for Employees. The City is authorized to purchase group insurance policies providing for hospital, surgical, medical and life insurance from insurance companies or hospital service corporations and medical service corporations for the benefit of its employees, pensioners and officials, and to make appropriations therefor. Said benefits may be in addition to the present rates of pay or pension payments heretofore, presently or in the future paid to said employees, officials or pensioners.

PART F. PUBLIC MONEYS

Sec. 11F-1. General Fund. Except for such special funds as are provided for by Charter or otherwise provided for by the Special Acts concerning bond issues, there shall be but one fund, which shall be known as the general fund. No special fund shall be created or be maintained to be supported in whole or in part directly by general taxation, but all the proceeds of any taxes levied against property in general shall accrue to the general fund, and all contributions of the City to sinking funds and other special funds, except as expressly provided herein, shall be made through appropriations from the general fund. Expenditures may be made from said fund under appropriations in accordance with this Charter by transfer to any special fund or otherwise, for any and all purposes for which moneys of the City may be expended.

Sec. 11F-2. Redevelopment Fund. The Director of Finance may recommend to the Board of Aldermen of said City the establishment of a redevelopment fund, which fund shall become legally established for the purposes hereinafter described if its creation is approved by the affirmative vote of ten (10) members of said Board of Aldermen. Said fund shall be distinct and separate from any other fund of the City and shall be used for the purpose of carrying out any redevelopment activities which the City, through its redevelopment agency, may undertake pursuant to Chapter 135 of the General Statutes, as amended. Said fund shall comprise all the current resources, fixed assets, and liabilities including funded debt, the proceeds of any bond issues and any permanent improvements. CHARTER OF THE CITY OF WATERBURY
accrue to the fund if created and all receipts from nonrevenue sources in connection with said activities shall be paid into this fund. All expenses of operation or maintenance, capital outlays, interest on, and retirement of funded debt, of such redevelopment activities shall be paid from this fund under appropriations in accordance with the provisions relating to the contracting of liabilities as they may appear in the Charter. Any cash deficit that may occur in this fund shall be made good by mandatory appropriation from the general fund in the amount of such actual cash deficit. The City, through action of its Board of Aldermen, may issue bonds for the purpose of redevelopment activities as described in Chapter 135 of the General Statutes, as amended. Said issuances shall be made in accordance with the Charter or statutory provisions governing the creation of debt, except for those Charter provisions which may require specific authorization from the state legislature before bonds are issued or money derived from bond issues expended. If said bonds are payable solely from the income and revenues of redevelopment projects, including federal contributions, such bonds shall not be included in computing the aggregate indebtedness of the City. Any provisions of the General Statutes or the Charter in conflict herewith shall not be applicable to the redevelopment fund.

Sec. 11F-3. Revolving Working Capital Funds.

Revolving working capital funds may be established by appropriation made within the general fund or any special fund, for financing the operation of any cafeteria, refectory, recreation center, refreshment booth or other similarly operated commercial enterprise. Receipts from the operation of any such activity so financed shall be credited to the working capital fund so provided. Such receipts, together with the original appropriation therefor, may be expended and re-expended for the purposes of the revolving working capital fund without specific appropriations within such working capital funds. Separate bank accounts carried in the name of the City may be maintained and drawn upon in accordance with such rules as the Director of Finance may prescribe in connection therewith. Statements of each calendar month's financial activities of such working capital funds so established shall be submitted to the Director of Finance by the board, commission or department head charged with the custody of said revolving funds. Such funds once established may be continued, within the discretion of the Board of Aldermen, for such time as the purposes for which the fund was established, continue to exist.

Sec. 11F-4. Sidewalk Construction Fund.

A revolving working capital fund known as the sidewalk construction fund is hereby created and shall consist of all the assets, liabilities and resources of the sidewalk construction fund now being maintained, and as set forth on the City's books as of June 30, 1945. The receipts and resources of this fund may be expended and re-expended for the construction and repair of sidewalks, in accordance with appropriations established by the Board of Aldermen for these purposes.

Sec. 11F-5. Street Improvement Fund; Special Assessments; Assessment Procedure.

(a) The City may, upon recommendation of the Mayor and approval of the Board of Aldermen, establish a revolving working capital fund to be known as the street improvement fund. Said fund shall be separate and distinct from all other funds of the

CHARTER OF THE CITY OF WATERBURY
City. It shall be comprised of the revenues derived from street assessments, for the laying out and grading of streets and assessments derived from storm water drains, as well as assessments derived from sidewalk construction. The projects to be charged against said fund may be financed by the issuance of bonds in the manner prescribed by number 333 of the Special Acts of 1961, as such act may be amended from time to time, provided, in the case of bonds issued for the purposes of street improvements, it shall only be necessary for the Board of Commissioners of Public Works to certify to the Board of Aldermen the amount needed for such street improvements and any list of projects contained in such certification may be amended from time to time upon recommendation of the Board of Aldermen and approval of such recommendation by the affirmative vote of ten (10) members of the Board of Aldermen. It shall be necessary to specify in the preparation the amounts to be derived from sources other than the bond issue unless it is certified by the department head having the subject matter in charge that such amounts cannot be reasonably estimated.

(b) The proceeds of the special assessments accruing to said fund may be paid over to the general fund for debt service in connection with such street improvements.

(c) All street, sidewalk and storm water drain assessments regardless of other statutory provisions may be assessed and levied in such manner by the Board of Commissioners of Public Works, upon approval of the Board of Aldermen, as to become payable over a period of ten (10) years in approximately equal annual installments from the date of the levy, without any interest charge to the person, firm or corporation assessed, provided any person, firm or corporation which becomes delinquent on any annual payment shall be charged interest at the statutory rate for all succeeding payments from the date of the delinquency.

Sec. 11F-6. Water Fund.298.

(a) A water fund is established, which shall be maintained separate and distinct from any other fund of the City. This fund shall comprise all the resources and liabilities of the water system, including permanent improvements and the funded debt incurred for the purposes of the water system. All revenues from operations of the water system shall accrue, and all receipts therefrom and from nonrevenue sources in connection with the water system shall be paid, to the fund. All expenses of operation and maintenance, the cost of permanent improvements and interest on and retirement of funded debt of the system, shall be paid therefrom under appropriations, in accordance with this Charter.

(b) Any cash deficit that may occur in this fund shall be made good by mandatory appropriation from the general fund hereunder of the amount of such deficit, and the rate of tax necessary to be levied therefor shall be shown on each tax bill rendered.

Sec. 11F-7. Bonds for Capital Outlay Projects.299.

Bonds authorized for each capital outlay project, and the proceeds thereof, shall be segregated in a special bond fund designated by the title of the project, and the cash balance thereof shall at all times be maintained intact until disbursed under appropriations for the purpose or purposes for which the bonds were issued, except that

CHARTER OF THE CITY OF WATERBURY
any unexpended balance not required for such purposes may, upon appropriation therefor, be applied to the redemption of funded debt or be transferred to the sinking fund.

Sec. 11F-8. Special Sewer Fund.

All sewer assessments levied as herein provided shall, when collected, be paid into the "special sewer fund" of said City for the construction, support and maintenance of the entire sewer system of the City. All moneys collected from assessments laid for the construction of sewers in the City, together with all the other sums that may be legally added thereto, are constituted a special fund, and shall be known as the "special sewer fund." Such sums as have been heretofore appropriated for said purposes, and not expended, shall become part of said fund. The unexpended balance in said fund shall not be returned to the treasury at the expiration of the fiscal year, but shall be retained as part of and for the purposes of the special sewer fund. Any appropriations made by the Board of Aldermen for said purpose shall form and become a part of said special sewer fund. The special sewer fund shall be used by the Board of Aldermen and by the Board of Commissioners of Public Works for the purposes hereinbefore mentioned.

Sec. 11F-9. Creation of a Capital Revolving Fund for Waterbury.

(a) Creation of Fund. There is hereby created a capital revolving fund for the City. This fund shall be separate and distinct from all other funds of the City.

(b) Resources of Fund. Whenever any real property of the City shall be sold or conveyed, the proceeds of such sale or conveyance shall be deposited in this fund. This provision shall not be applicable either to sales of property under the jurisdiction and control of the Park Department or sale of property acquired by foreclosure for unpaid taxes and assessments. All resources of this fund may be invested in the manner provided by law for investment of idle general funds. Income from such investments shall accrue to this fund. Sales of personal property exclusive of trading allowances on equipment, in excess of One Thousand ($1,000.00) Dollars each shall be deposited herein in the manner and with the exceptions provided for sales of real property. The proceeds from the sale of water utility property shall at all times be set forth separately within this fund and no appropriations against such proceeds shall be made except for water utility purposes.

(c) Appropriations. From time to time appropriations may be made from this fund for capital outlays including equipment. Such appropriations for equipment shall be limited to the amount of unused proceeds within the fund derived from the sale of personal property. Appropriations may be made upon recommendation of the Mayor and approval thereof by the Board of Aldermen. Such appropriations may be supplementary to any other appropriations for the same purpose in any other fund.

Sec. 11F-10. Creation of a Park Department Capital Improvement Fund.

The Mayor may recommend to the Board of Aldermen the establishment of a park department capital improvement fund. Said fund shall be separate and distinct from any other fund of the City and shall be used for the purpose of segregating any money received for the sale or condemnation of any park department property, real or
personal. The proceeds received from such sales may be used for the purpose of relocating, equipping, acquiring or developing park properties at any time leased or owned by said City, or any combination of such purposes.

**Sec. 11F-11. Penalty for Failure to Account for City Money**

Each officer or agent of the City, or other person, who shall receive or have in his hands any money belonging to the City, shall, daily, unless otherwise provided, pay into the City treasury, and shall cause to be delivered to the Director of Finance and the Director of the Budget, a receipt therefor. If such officer, agent or other person shall fail to pay into the City treasury any money so received, or fail to cause such receipts to be delivered to said Director of Finance and Director of the Budget for more than two (2) days after the money shall have been received by him, such officer, agent or other person shall be subject to dismissal.

If the city fails to make any modifications to the financial plan or annual budget within such time period, the board shall make the modifications.

(d) The board shall develop procedures for the submission of the annual budget and financial plan of the city to the board. Such procedures shall include, but are not limited to, the form and timeline for the submissions by the city and approval, disapproval or modification of the financial plan and annual budget by the board. The procedures shall also provide for the submission to the board prior to the commencement of each fiscal year during the review period, the general fund, other governmental funds, enterprise funds, and internal service funds budgets of the city as adopted by the Board of Aldermen and approved by the mayor pursuant to the city charter. The procedures may also provide for the submission of any additional information the board may require of the city in order to fulfill its obligations under this act.
(e) If the board rejects the general fund, other governmental funds, enterprise funds, or internal service funds budgets, the board shall develop and approve an interim budget for the city in the place of any budget so rejected and set a tax rate and user fees. Such interim budget, tax rate and user fees shall take effect at the commencement of the fiscal year and shall remain in effect until the city submits and the board approves a modified budget or budgets, as the case may be.

(f) If the city submits a financial plan modification or a budget modification, the board shall determine whether the financial plan modification or budget modification is complete and complies with the provisions of this section and shall approve or disapprove the financial plan modification or budget modification in accordance with the provisions of this section. If the board determines that the financial plan modification or budget modification is complete and complies with the requirements of the act, the board shall approve the financial plan modification or budget modification. Modifications to the general fund budget and all other budgets shall be made by the Board of Aldermen and approved by the board in accordance with this act.

(g) The board shall disapprove, by resolution, the financial plan or the annual budget proposed by the city if, in the judgment of the board, such budget or plan: (1) Is incomplete; (2) fails to contain projections of revenues and expenditures that are based on reasonable and appropriate assumptions and methods of estimation; (3) fails to provide that operations of the city will be conducted within the cash resources available according to the board's revenue estimates; or (4) fails to comply with the provisions of this section.

(h) In the event that the city shall, for any reason, fail to submit a financial plan and annual budget as required by this section, or to comply with a financial plan or annual budget approved by the board, or in the event that the board has not, for any reason permitted under this act, approved a financial plan or annual budget submitted by the city, the board, after enactment of a resolution so finding, shall formulate and adopt a financial plan or annual budget or both, as the case may be, to be effective until the board approves a financial plan or annual budget or both, as the case may be, submitted by the city.

(i) The city and each of its administrative units shall supply the board with such financial reports, data, audits, statements and any other records or documentation as the board may require to exercise its powers and to perform its duties and functions. Such reports may include, but not be limited to, monthly reports of the financial condition of the city, the status of the current annual budget and progress under the financial plan for the then current fiscal year, estimates of the operating results for all funds or accounts to the end of the then current fiscal year, statements and projections of general fund cash flow reserves, number of city employees on the city payroll and debt service requirements on all bonds and notes of the city for the following month.

Sec. 13. The city shall not become a debtor under Chapter 9 of Title 11 of the United States Code, as from time to time amended, without the written consent of the Governor so long as any borrowings secured by the special capital reserve fund pursuant to section 6 of this act remain outstanding.

Sec. 14. (a) The board shall remain in existence and exercise the powers, duties and functions granted to it by this act until such time as the general fund, special

ADDENDUM #1 - CHARTER OF THE CITY OF WATERBURY
revenue funds, enterprise funds, and internal service funds of the city shall have, for five consecutive fiscal years, maintained a positive unreserved fund balance, retained earnings balance, in accordance with audits required by the general statutes and the board, by resolution, determines that: (1) There have been no annual budgetary deficits for the general fund of the city for five consecutive fiscal years; (2) the city has presented and the board has approved a financial plan that projects positive unreserved fund balances and retained earnings for the general fund, special revenue funds, enterprise funds and internal service funds for the three succeeding consecutive fiscal years covered by such financial plan in accordance with generally accepted accounting principles and this act; and (3) the audits for five consecutive fiscal years have been completed and are unqualified relating to the annual reporting of results of operations for all governmental funds, enterprise funds, and internal service funds.

(b) If, during the period during which any borrowings of the city secured by a special capital reserve fund pursuant to section 6 of this act or pursuant to special act 96-3 remain outstanding, the city incurs an audited annual budgetary deficit in its general fund in excess of one-half of one per cent of its most recently completed annual budget, fails to fund pension contributions in accordance with actuarial recommendations, fails to implement revaluation in accordance with section 12-62 of the general statutes or fails to fund its internal service funds at a level necessary to avoid the accumulation of retained earnings deficits, the board may, at the direction of the secretary, be reestablished and may reassume the duties, powers and functions granted to it by this act and shall remain in existence until the provisions of subsection (a) of this section are again satisfied.

Sec. 15. If, at any time, the city has failed to lay necessary taxes or to lay a tax which, in addition to the other estimated yearly revenue of the city, is sufficient to pay the general fund current expenditures of such city, the Board of Aldermen, or, if the Board of Aldermen fails to act within thirty days of notice thereof from the board of the board's intention to proceed under this section, the board may make a rate bill upon the city's list applicable to such fiscal year for the amount necessary, or for an amount sufficient, to pay all or a portion of the annual budgetary deficit and cause the same to be collected as due.

Sec. 16. Not later than June 30, 2001, the Board of Aldermen shall present for the board's approval a plan for a reduction in force to achieve a reduction of not less than ten per cent of the total annual cost of the filled, unclassified managerial, administrative and contractual employee positions of the city provided the board may modify the provisions of such plan. The Board of Aldermen shall implement such plan or modified plan on or before October 1, 2001.

Sec. 17. (a) The secretary, the State Treasurer, the board and any person authorized to act on behalf of or to assist them, or any staff person for the board, shall not be personally liable or subject to any suit, judgment or claim for damages resulting from the exercise or failure to exercise the powers, duties or functions granted to them under this act other than any such exercise or failure which constitutes willful, wanton or malicious behavior. The Attorney General shall defend any person identified in this subsection with regard to any such suit, judgment or claim provided such person shall reimburse the state for its expenses in such defense if such person is found to be liable.
(b) The Attorney General may apply for a writ of mandamus or seek a temporary or
permanent injunction on the behalf of the board requiring any official, employee or agent
of the city to carry out and give effect to any order of the board authorized by this act.
Each such application shall be filed in superior court for the judicial district of Waterbury.

(c) The superior court for the judicial district of Waterbury may, by application of the
secretary, the board or the Attorney General, enforce, by appropriate decree or process,
any provisions of this act or any act or order of the secretary or the board rendered
pursuant to this act.

Sec. 18. During the review period: (1) No officer or employee of the city shall make
or authorize a contract in excess of the amount available therefor under the financial
plan and annual budget as then in effect; and (2) no officer or employee of the city shall
involve the city in any contract for the payment of money for any purpose required to be
approved by the board unless such contract has been so approved and unless such
contract is in compliance with the financial plan and the annual budget as then in effect.
No officer or employee of the city shall take any action in violation of any valid order of
the board or shall fail or refuse to take any action required by any such order or shall
prepare, present or certify any information, including any projections or estimates, or
report for the board or any of its agents that is false or misleading. In addition to any
penalty or liability under any other law, any officer or employee of the city who shall
violate the provisions of this section shall be subject to appropriate administrative
discipline, including, when circumstances warrant, suspension from duty without pay or
removal from office by order of the mayor. Nothing in this act shall invalidate or
supersede any procedural protections provided to such employee under law or contract.
In the case of a violation of the provisions of this section by an officer or employee of
the city, the mayor shall immediately report to the board all pertinent facts together with
a statement of the action taken thereon.

Sec. 19. Six months after the end of the review period, the existence of the board
and all other provisions of this act shall terminate, except that the provisions of sections
4, 13, 14 and 17 of this act shall remain in full force and effect and a copy of the annual
budget and actuarial valuation of the city shall be sent to the Secretary of the Office of
Policy and Management for so long as any bonds or notes issued pursuant to this act
remain outstanding.

Sec. 20. This act is intended to authorize the city to fund its accumulated deficits, to
establish a board to review the financial affairs of the city in order to maintain access to
the public markets and to restore financial stability to the city, and shall be liberally
construed to accomplish its intent. The provisions of this act shall supersede any
provisions of the general statutes, any public or special act and the charter of the city
enacted prior to or subsequent to this act other than a subsequent act of the General
Assembly which specifically states that it supersedes this act except that, unless
expressly provided in this act, nothing in this act shall affect the provisions of the
Municipal Employees Relations Act, sections 7-467 to 7-477, inclusive, of the general
statutes, or the provisions of the Teacher Negotiation Act, sections 10-153a to 10-530o,
inclusive, of the general statutes.

Sec. 21. If any section, part or provision of this act shall be declared
unconstitutional, invalid or ineffective by any court of competent jurisdiction, such
declaration shall be limited to the section, part or provision directly involved in the

ADDENDUM #1 - CHARTER OF THE CITY OF WATERBURY
controversy in which such declaration was made and shall not effect any other section, provision or part thereof.

Sec. 22. Notwithstanding the provisions of section 12-62 of the general statutes, or any memorandum of understanding entered into under said section 12-62, the state shall impose a fine on the city, in an amount to be determined by the secretary, if the city is unable to implement revaluation for the October 2000 grand list or any subsequent grand list. Such fine shall be deposited in the General Fund and credited to a nonlapsing account in the Office of Policy and Management and shall be available to defray the costs of the board, for the hiring of consultants to assist the board, or to have studies conducted regarding the operations of the city.

Sec. 23. On or before July 1, 2001, the joint standing committee of the General Assembly having cognizance of matters relating to finance, revenue and bonding shall commence an investigation into the causes of the financial emergency affecting the city. The Office of Policy and Management, the board and any agency or official of the city shall provide to said committee such information as it may request. Said committee may request the assistance of the Auditors of Public Accounts. Said committee shall conduct at least one public hearing in the city. The committee shall report its interim findings and recommendations to the General Assembly on or before February 1, 2002. The committee shall continue to review and assess the execution of the provisions of this act during the review period and may report any findings or recommendations to the General Assembly at any time during such period.

Sec. 24. For the fiscal year 2000-2001, notwithstanding subsection (b) of section 10-262i of the general statutes, the Comptroller shall pay to the city an amount determined by the Secretary of the Office of Policy and Management from out of the balance of the grant due to the city of Waterbury under the provisions of subsection (a) of section 10-262i of the general statutes, no later than March 20, 2001. For the fiscal year 2000-2001, notwithstanding section 3-55i of the general statutes, the secretary may certify the amount due the city of Waterbury under section 3-55j of the general statutes at any time and, once such certification is made, the Comptroller shall draw an order on the State Treasurer and shall pay the amount thereof to the city no later than thirty days after such certification has been made.

Sec. 25. This act shall take effect from its passage.
Senate Bill No. 2003  
June Special Session - Special Act No. 01-2  

AN ACT CONCERNING THE AUTHORIZATION OF BONDS OF THE STATE FOR CAPITAL IMPROVEMENTS AND OTHER PURPOSES.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Sec. 96. Section 6 of special act 01-1 is amended to read as follows:

In connection with the issuance of deficit funding bonds under the provisions of this act, the city may, subject to the approval of the board, create and establish one or more reserve funds to be known as special capital reserve funds and shall pay into such special capital reserve funds (1) any moneys appropriated and made available by the state for the purposes of such funds, (2) any proceeds of sale of deficit funding bonds, to the extent provided in the resolution authorizing the issuance thereof, and (3) any other moneys which may be made available to the city for the purpose of such funds from any other source or sources. The moneys held in or credited to any special capital reserve fund established under this section, except as hereinafter provided, shall be used solely for the payment of the principal of deficit funding bonds secured by such capital reserve funds as the same become due, the payment of interest on such bonds of the city or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; provided the city may provide that moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of such funds to less than the required minimum capital reserve, except for the purpose of paying such principal of, redemption premium and interest on such bonds of the city secured by such special capital reserve becoming due and for the payment of which other moneys of the city are not available. The city may provide that it shall not issue bonds to be secured by a special capital reserve fund created under this section at any time if the required minimum capital reserve on the bonds outstanding and the bonds then to be issued and secured by a special capital reserve fund will exceed the amount of such special capital reserve fund at the time of issuance, unless the city, at the time of the issuance of such bonds, shall deposit in such special capital reserve fund from the proceeds of the bonds so to be issued, or otherwise, an amount
which, together with the amount then in such special capital reserve fund, will be not less than the required minimum capital reserve. On or before December first, annually, there is deemed to be appropriated from the state General Fund such sums, if any, as shall be certified by the finance director to the secretary and the State Treasurer, as necessary to restore each such special capital reserve fund to the amount equal to the required minimum capital reserve of such fund, and such amounts shall be allotted and paid to the trustee on behalf of the city for deposit therein. For the purpose of evaluation of any such special capital reserve fund, obligations acquired as an investment for any such fund shall be valued at fair value, as defined by GAAP, or amortized cost as the board shall determine. Nothing in this section shall preclude the city from establishing and creating other debt service reserve funds in connection with the issuance of bonds of the city under this section. Subject to any agreement or agreements with holders of outstanding bonds of the city, any amount or amounts allotted and paid to the city by the state pursuant to this section shall be repaid to the state from moneys of the city at such time as such moneys are not required for any other of its city purposes and in any event shall be repaid to the state from the first amounts thereafter payable by the state to the city, whether in the form of a grant, grant-in-aid, payment in lieu of taxes or any form whatsoever, pursuant to any provisions of the general statutes or state regulations, which amounts are hereby deemed appropriated from the city to the state as and for such repayment. Notwithstanding any other provisions of this act, the aggregate amount of bonds to be secured by a special capital reserve fund or funds created and established pursuant to this section shall not exceed [seventy-five] one hundred million dollars.

Sec. 97. This act shall take effect July 1, 2001, except that sections 16 to 34, inclusive, shall take effect July 1, 2002.

LCO No. 5871

Referred to Committee on No Committee

Introduced by:

REP. LYONS, 146th Dist.

SEN. SULLIVAN, 5th Dist.

AN ACT CONCERNING STATE EXPENDITURES.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Sec. 64. (Effective from passage) (a) As used in this section, “privileged claim information” means information (1) concerning an event where a person asserts that the city of Waterbury is liable in whole or in part for any damage or injury arising from such event, whether or not covered by any insurance policy, and includes documents, oral statements and financial or similar information concerning such event, and (2) that is protected from disclosure under the attorney-client privilege, including the common defense doctrine, the work product doctrine or any similar privilege or doctrine recognized under state or federal law.

(b) For purposes of the Waterbury Financial Planning and Assistance Board exercising its powers and fulfilling its obligations under special act 01-1, any disclosure of privileged claim information to said board by the city of Waterbury, its legal counsel or its agents, shall remain protected by the attorney-client privilege from disclosure to any other person.
ENDNOTES

1 General Historical Note:

This version of the Charter was approved by the Board of Aldermen on August 27, 2002, and by
the electors of the City of Waterbury on November 5, 2002. The 2002 Charter Revision Commission
was comprised of the following members: Paul K. Pernerekwi, Jr., Chair; Dennis Odle, Vice Chair; George F.
Flaherty, Sr.; Adrienne M. Parkmond; Laurie Singer Russo; Melissa A. Scozzafava; Matthew A. Sivilla;
Patrick F. Vance; Larry J. Zollo and Aldermanic Representatives Nicholas Parillo and William J. Pizzuto.
Attorneys Steven G. Mednick and Dennis M. Buckley served as Special Counsel and Consultant,
respectively.

This version replaces the historic Charter that was derived from the 1931 Special Act No. 499 of
the State Legislature, which was in effect a new Charter for the City. Special Act No. 499 contained a
number of temporary or limited provisions which were designed to cover the transition from the prior
Charter to the revised Charter of 1931. Because these temporary (or limited) provisions related primarily
to conditions that existed in 1931, they are principally of historical interest today. Some of these sections
are set forth in Appendix II of the historic Charter.

Since the inception of the Home Rule Act in 1957, the mechanism for the adoption of
amendments to a Charter is the Charter Revision process of the Home Rule Act. The first Home Rule
Charter Revision of the Waterbury Charter was the November 6, 1962, Revision adopting the Civil
Service provisions of the Charter, Chapter 2, §§201 et seq.

Please be advised that the historic endnotes have been condensed to provide the reader with a
roadmap to the historical antecedents to the new Charter. Most of the references are to the Special Acts.
However, you will note reference to the adoption of provisions by referendum in the post 1957 era. Over
the years the Charter has been recodified as follows: 1931 by the Waterbury Evening Democrat; 1946 by
an internal compilation of the City; 1957 by Michie City Publications Company or Equity House Fellows
Legal Publishing. In order to complete a review of Waterbury’s charter you will need to refer to the
footnotes and legislative histories of the earlier documents.

Comment of the 2004 Charter Revision Commission. An effort to amend the 2002 Charter
was approved by the Board of Aldermen on May 3, 2004. The electors of the City of Waterbury on
November 2, 2004 approved the following two questions amending the charter: (A) Question #3 which
was adopted by a vote of 8,934-8,469, which reads as follows: “Shall the Charter be revised to set the
salaries for the Mayor and Charter Officers with raises subject to rejection by the Aldermen?” This
amendment is set forth in Part D of Chapter 2 of the Charter §§2D-1 through 2D-4. Please note that this
revision results in a modification of §3A-2(f)(5) in order to accommodate the changes. (B) Question #7
which was adopted by a vote of 8,483-8,457, which reads as follows: “Shall the Charter be revised to
require the Aldermen to establish standards for negotiation and implementation of Inter-local
Agreements?” This amendment is set forth in Part D of Chapter 3 of the Charter §3D-1.

In addition to the items approved at the referendum on November 2, 2004 there are additional
amendments reflected in the certified copies of the Charter which either emanate from intervening
Aldermanic action pursuant to Special Act or by virtue of so-called sunset provisions contained in the
charter amendment approved by November 5, 2002.

First of all, the endnotes pertinent to the following Commissions were all modified to reflect
adoption of ordinances replacing the historic charter enabling language:

ENDNOTES - CHARTER OF THE CITY OF WATERBURY
This action was authorized by the charter approved on November 5, 2002.

Second, the provisions pertaining to the Waterbury Parking Authority were repealed by the Board of Aldermen on July 14, 2003 in accordance with the provisions of Public Act 03-256. This charter amendment reflects the permitted legislative repeal.

Finally, Chapter 12 entitled “Special Act and Other Historic Charter Provision Subject to Sunset by Ordinance as Authorized by this Charter” was repealed, as permitted by the charter adopted on November 5, 2002. The civil service (Part A), conflicts of interest and ethics (Part B) and pension and retirement provisions (Part C) were replaced by the following provisions: (A) Chapter 40 of the Code of Ordinances entitled “Ethics and Conflicts of Interest” adopted on August 11, 2003; (B) Chapter 37 of the Code of Ordinances entitled “Human Resources, Merit Selection and Civil Service” adopted on December 22, 2003; and, (C) Chapter 35 of the Code of Ordinances entitled “The Pension and Retirement System” Part I adopted on April 7, 2003 and Part II adopted on November 10, 2003. The current provisions are the applicable administrative provisions that previously appeared in Chapter 13.

The 2004 Charter revisions Commission was comprised of the following members: Antony A. Casagrande, Chair; Dennis Odle, Vice Chair; John Egan; George F. Flaherty, Sr.; Robert Keating; Robert Lyons; Brian Mays; Carol Moriarty; Adrienne Parkmond; Matthew A. Sivilla; Charles Stango; and Aldermanic Representatives Paul K. Permerewski and Francis J. Caiazzo, Jr. Attorneys Steven G. Mednick and Dennis M. Buckley served as Special Counsel and Consultant, respectively.

The 2010 Charter Revision Commission was comprised of the following members: Steve Lacombe, Chair; Christian D’Orso, Vice Chair; Nancy DiLorenzo; Dave Clay; Richard Natale; Richard Labrecque; Jason Van Stone; Bryan Baker; Joseph Fitzpatrick; and Aldermanic Representatives Francis J. Caiazzo, Jr., Frank A. Burgio, Sr., and Ernest M. Brunelli. Attorney Joseph B. Summa served as Special Counsel.

Taxes, see §§ 32.15 through 32.18 of the Code of Ordinances ("Code") of the City of Waterbury.

School Districts:

1931 Sp. No. 499, §§8-11 contained provisions dealing with school districts; the consolidation of school districts, taxes for current expenses of abolished school districts, and transfer to the City of funds of abolished school districts. All these provisions were repealed by 1941 Sp. No. 382, §42.

Historical Note on "Home Rule": The Home Rule Act, §§7-187 et seq. of the General Statutes, (the pertinent provisions are set out in Appendix I of the historic Charter), provides a complete procedure for the enactment of Charter Amendments, subsequent to the July 15, 1959 date prescribed in §7-192 (of the 1957 Home Rule Act). §7-194 of the General Statutes [originally enacted as §8 of the 1957 Public Act No. 465 (the original Home Rule Act)] enumerated 57 specific powers which were granted to a Charter Revision Commission to amend, or adopt, a Charter for a municipality. (§7-194, as it existed in 1995, and as set forth in Appendix I of the historic Charter, states in a very broad, general fashion the parameters of powers which may be granted to a municipality in its Charter. 1981 Public Act No. 219, §2, eliminated from the Home Rule Act the specific enumeration of the 57 powers which, per the original 1957 Home Rule Act, may be granted a municipality by its Charter.) Because the 1957 Home Rule Act did not contain a specific power granting a Charter Revision Commission the power to adopt a Civil Service system, there was controversy in Waterbury in 1962 and 1963 as to the legitimacy of the authority of the 1962 Charter Revision Commission to enact the Civil Service Amendment, Charter 2, §§201 et seq., of the Charter. In State vs. Reidy, 152 Conn. 419, 209 A.2d 674 (1965), the Connecticut Supreme Court construed the 1957 Home Rule Act to mean that the powers enumerated therein were in addition to existing Charter powers and affirmed the unpublished opinion No. 28752, Superior Court of New Haven County at Waterbury by Thim, J. indicating that §141 of the Charter granted the Waterbury

Charter Revision Commission the substantive power to enact the Civil Service Amendment to the Charter. The opinion of Judge Thim was affirmed in the said State vs. Reidy case. See also Sloane et al vs. City et al, 150 Conn. 24, 183 A.2d 837 (1962).
